**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I operate a small business out of my home in Calistoga, CA. Due to limited competition, I have only two choices for internet service: AT&T (bad, in my opinion), and Comcast (worse, in my opinion). The limited speed and high cost of my internet service is a cramp on my business growth. We need more competition in this market, which will also help lower internet access costs.

Rather than further restrict competition in this field, FCC should be working to expand competition and reduce barriers to entry for new internet service providers.
